TECHNICAL SKILLS

Languages:

JavaScript, Python, SQL, C, HTML, CSS

Frameworks & Tools:

React.js, Node.js, Express.js, MySQL, Git, REST APIs

Testing:

Postman, API Testing, Software Testing, Bug Tracking, End-to-End Testing

Other:

Debugging, System Analysis, Tableau, Excel

CORE STRENGTHS

- Technical Troubleshooting
- Problem Solving
- Customer Communication
- Operational Coordination
- Team Leadership
- Working Under Pressure
- English - Professional Working Proficiency

EDUCATION

B.Sc. COMPUTER SCIENCE

HIT | 2023-2026

AI BUSINESS ANALYTICS

2025

SUMMARY

Computer Science graduate with hands-on experience in full-stack development, API testing, software troubleshooting, debugging, and system analysis. Experienced in investigating technical issues across frontend, backend, databases, and REST APIs. Strong analytical and problem-solving skills, combined with proven customer communication, leadership, and operational experience in fast-paced environments. Quick learner seeking to develop in a Customer Technical Support role within a complex technical environment.

PROJECTS

FULL BIN DETECTION SYSTEM - FULL STACK

- Developed a full-stack waste management platform using React.js, Node.js, Express.js, and MySQL.
- Built and maintained frontend-to-backend communication through REST APIs.
- Investigated and debugged issues across frontend, backend, API, and database layers.
- Conducted end-to-end testing and API validation using Postman.

BLOCKCHAIN RENTAL SMART CONTRACT PLATFORM

- Developed a Web3 apartment rental platform as part of a group project.
- Built Solidity smart contracts supporting owner and tenant workflows.
- Integrated frontend/backend components with blockchain interactions.
- Tested end-to-end flows and investigated integration issues between system components.

EXPERIENCE

TEAM COMMANDER | ISRAEL DEFENSE FORCES (IDF)

2021-2022

- Managed a team of 14 soldiers, overseeing daily operations and task execution.
- Planned, scheduled, and monitored multiple assignments under dynamic conditions.
- Applied structured problem-solving and decision-making under pressure.
- Completed advanced leadership training through the IDF Commanders Course.

OPERATIONS COORDINATOR - CIVILIAN OPERATIONS CENTER

OCT-DEC 2023

- Managed communication with international stakeholders, investors, and donors.
- Coordinated operational requests, logistics, and resource allocation based on changing needs.
- Handled multiple requests simultaneously while maintaining clear and timely communication.
- Worked in a dynamic environment requiring prioritization, coordination, and rapid problem-solving.
